ABOUT MERINO

The Merino Group is a leading player in the laminates and panel industry. The first product was plywood, launched in 1974 and later it spread its wings into high-pressure decorative laminates in 1981. The Group has diverse business interests expanding into Interior Architectural Products, Information Technology and Food & Agro business. Over 4000 employees, 5 production units and multiple allied surface solutions having endless design possibilities are what ensure a consistent range of superior quality products and the Group's continuous significant growth in the challenging market scenario. With innovation and perfection at its core, Merino commits to the highest manufacturing standards with a strong customer support.

CERTIFICATIONS

THE *Un*- CHALLENGED METALAM

Metallic sheen laminates.

Metalam are laminates with a metallic sheen which makes them highly desirable for an ultra-modern look. These laminates are made the way standard HPLs are made, making them dust repellent and low on maintenance.

*Image shown are for reference, Actual product may vary.

[< Back To Index](#)

Un-CHALLENGED COMPOSITION

The composition is similar to that of a standard HPL. The laminate undergoes hot press and impregnation. However, in case of Metalam, a metal foil is used instead of a décor paper to top the Kraft paper layer.
